PURPOSE:

Amend

Replace

RULE 27.1 Scheduling and Number of Races _____ as follows:
(number and title)

OR

SPECIFICATION _____ as follows:
(number and title)

PROPOSED TEXT:

27. Scheduling and Number of Races

27.1 The ISCYRA World Championship (a Gold Star Event) shall consist of a minimum of ~~six~~ five completed races. A race postponed, abandoned or incompleated will be rescheduled and resailed as soon as possible. There shall be ~~two~~ one reserve days for possible resails. A series not completed at the end of the ~~second~~ reserve day following the date of the last regularly scheduled race shall be cancelled. Notwithstanding the foregoing, if ~~five~~ four races have been completed in a series which would otherwise be cancelled pursuant to the preceding sentence, and if the leading boat has scored finishes which render it mathematically impossible for any other boat to defeat her if a ~~fifth~~ sixth race were sailed, then the series should count as the World Championship.

REASON: The Class has undertaken efforts to reformat the World Championship in order to reduce the total number of events days from the current 11 days. The current 11 days include: six race days, two reserve days and three measurement days. This resolution would reduce the minimum number of races to constitute a World Championship from 6 to 5, and the reserve days from 2 to 1. The IGC will meet in March, make further recommendations, and offer possible amendments to these provisions.
